2017 Homelessness Summary Brief

Abstract

The Homeless Alliance of WNY publishes reports of homelessness in the five-county region that we serve. The information is from HMIS, departments of social services, and providers. HMIS serves as the primary data source and nearly all agencies in the five-county area who are not on HMIS provide aggregate counts. Increased coverage of HMIS has led to an improved understanding of homelessness in Western New York.

Keywords

homelessness, buffalo, housing

Homelessness is one of the most difficult experiences people have in our community, resulting in 8,200 people experiencing the traumatic instability that results from losing housing.

Homelessness decreased slightly, however its persistence is cause for concern. Efforts in the community to reduce homelessness among particular subpopulations, such as the chronically homeless or veterans, have been successful due to data-driven, targeted efforts to ensure there are sufficient housing resources available that meet these population's needs. The same tactics can be applied to the broader community through efforts to secure more affordable, sustainable housing. The common denominator for everyone lost their housing is that they lived circumstances where they could not afford it.

The Continuum of Care refers to the unified geography covered by the HUD HEARTH Act Continuum of Care grants. The Homeless Alliance of WNY is the lead agency for this region, which includes **Erie, Niagara, Genesee, Orleans, and Wyoming Counties**, coordinating the application and facilitating strategic dialog between grantees of this grant and other funding sources to ensure a unified, effective, and efficient effort to end homelessness in the region. The Homeless Alliance also operates the local Homeless Management Information System, also known as BAS-Net (Buffalo Area Services- NETWORK) which collects information on all HUD-funded and voluntarily participating non-HUD-funded homelessness alleviation providers, including outreach, emergency shelters, permanent supportive housing (including all housing first programs), rapid re-housing, and transitional housing providers.

Conclusion: Policy Recommendations

Homelessness continues to be a persistent social problem, despite the slight decrease in the number of people who experienced it in the CoC service area. We recommend the following:

- Tenant-based targeted interventions that make housing affordable, such as an increase in the Department of Social Service shelter allowance to match HUD Fair Market Rent
- The state should adopt and fully fund the Home Stability Support initiative
- The state should adopt a policy that requires any funding they provide for the provision of housing for those experiencing homelessness utilize Coordinated Entry in order to make these units available to those who are currently without housing
- More Housing Choice Vouchers need to be made available to HUD
- Market-based interventions to make housing more affordable, such as inclusionary zoning in the City of Buffalo
- An increase in the number of one bedroom and single-room occupancy units available for low-income individuals
- All Public Housing Authorities need to adopt a homeless preference based upon the HUD definition of "homeless"
- Better discharge planning by the Department of Corrections, or a rapid rehousing program funded by the department to keep the formerly incarcerated from immediately entering the homelessness system
- Efforts to assist female single parent households afford housing, particularly mothers of very small children
- Engaging in all efforts to eliminate institutional racism, such that all people have equal and equitable access to the social and economic institutions that lead to the acquisition of wealth and financial resources

The solution to homelessness is a home.

Acknowledgements

The Homeless Alliance of WNY facilitates strategic dialog to end homelessness in Erie, Genesee, Niagara, Orleans, and Wyoming Counties. Our community is as effective as it is in assisting the members of our community who have lost their housing because there is a strong spirit of collaboration. This report would be impossible without the enthusiastic assistance of so many agencies in the area.

Thank you to all agencies participating in HMIS, which include:

- Altamont Veterans Program
- Best Self Behavioral Health
- Buffalo City Missions
- Catholic Charities of Buffalo
- Cazenovia Recovery Systems
- Community Missions of the Niagara Frontier, Inc

Thank you to everyone who participated in the BeCountedWNY effort, especially Nadia Pizarro of Best Self Behavioral Health for co-chairing the effort. It would not have been possible without the collaboration of all agencies involved:

- Compass House
- Casey House
- United Church Home (Plymouth Crossroads)
- Teaching and Restoring Youth
- Planned Parenthood of Central and Western New York
- ReNU Niagara
- Harvest House
- Youth Movement
- WNY Coalition for the Homeless
- Lt. Col. Matt Urban Human Services Center
- Lake Shore Behavioral Health
- St. Paul's Episcopal Church
- Restoration Society, Inc.

Most of all, thank you to all of the direct-service providers who give the time and labor to ensure that all people experiencing homelessness obtain a home. Homeless outreach workers are the guardian angels of our area. Thank you to advocates and policymakers who ensure there are enough resources to get the members of our community experiencing homelessness into housing. The only solution to homelessness is a home.
